SUMMARY

Experienced React JS developer with 4 years of hands-on experience in developing web applications. Proficient in building responsive and scalable front-end solutions, adept at utilizing Redux for state management and integrating with RESTful APIs. Skilled in optimizing performance and enhancing user experience through modern UI/UX practices.

TECHNICAL SKILLS

- **Programming Languages**: JavaScript, Java, C++, PL/SQL, HTML, CSS, Dotnet.
- **Databases**: MySQL, Firebase, MongoDB.
- **Framework/Library**: React JS, Redux, Angular, Typescript.
- **Communication Tools**: Zoom, Slack, Google Hangouts, Microsoft Teams, Skype.
- **Cloud**: Microsoft, Azure, AWS.
- **Methodologies**: Agile, Scrum, Waterfall Model
- **IDE**: VS Code, Eclipse, NetBeans, Sublime Text, Android Studio, Code Blocks.
- **Operating System**: Windows, macOS, Linux.
- **AI Tools**: ChatGPT, VS Code – Gennie, Blackbox, Copilot

EDUCATION

Bachelor of Engineering: Computer Engineering — Sept 2018 - Jun 2021

Marwadi University — Rajkot, India

- **Relevant coursework:** Advanced JAVA, Software Engineering, Data Mining & Business intelligence, Data structure and Algorithm,
- Active member of Google Developer Group.

Diploma in Engineering: Computer Engineering — Aug 2015 - May 2018

Government Polytechnic Porbandar — Porbandar, India

- **Relevant coursework:** Dynamic web page development, Advance DBMS, .Net Programming, Mobile computing and application development
- Active member of Computer Society of India.

PROFESSIONAL EXPERIENCE

Senior Frontend Developer — Apr 2024 – Oct 2024

Dvij Infotech — Ahmedabad, India

- Technologies used: React JS CSS, Bootstrap, My SQL, Redux, Typescript.
- Writing clean, maintainable code to build dynamic and interactive UI using frontend technologies.
- Ensuring the cross-browser compatibility.
- Developing design mock-ups and wireframes into high-quality, responsive web pages.

Frontend Developer — Jan 2021 – Apr 2024

Sufalam Technologies — Ahmedabad, India

- Technologies used: JavaScript, React JS, HTML, CSS, Bootstrap, My SQL, Redux, Typescript.
- API Integration using React JS.
- Optimizing frontend performance.
- UI/UX Design Implementation for building responsive websites.

CLIENT PROJECTS

Schedule Closings (Sufalam Technologies)

- **Tools/Library:** React JS, Redux, HTML, CSS, and Bootstrap 5 for frontend, with Node JS, Express, MongoDB, PDFTRON, Google Maps, Places, Cronofy for scheduling, utilizes Formik for form management and Firestore for real-time chatting.
- **Description:** Aimed to streamlines communications and scheduling for real estate transactions. Connect with the customers, agents, and vendors.

PayXtreme (Sufalam Technologies*)*

- **Tools/Library:** React JS, Redux, HTML, CSS, and Bootstrap 5, with Node JS, Express, Sequelize, and MYSQL for transaction management. Integrated with a payment gateway and Date-Table, Formik for form handling and Firestore for push notification functionality.
- **Description:** An advanced payment gateway solution designed to seamlessly integrate with scheduling and project management systems.

Bizon (Sufalam Technologies)

- **Tools/Library:** React JS, Redux, and Bootstrap 4, utilizing Git and Jenkins for version control and continuous integration. It integrates various payment gateways including Paytm, Razor Pay, PayPal, Google Pay, and Pay U Money. The backend is powered by Node JS and Loopback,
- **Description:** B2B web application for ecommerce that utilises online platforms to sell products or services to other businesses.

Asset Tracking (Sufalam Technologies)

- **Tools/Library:** React JS, utilizing straight-line depreciation, barcode scanning, and Bootstrap for UI. Backend functionality, powered by Node JS and Express.
- **Description:** Asset Tracking involves monitoring a company's physical assets through methods such as barcode scanning or GPS/RFID tags to track location.

Tracelo (Dvij Infotech)

- **Tools/Library:** React JS, ANTD, Nodes JS, Express, Redux, IPQS.
- **Description:** An advanced mobile tracking and identity verification platform designed to track phone locations and retrieve detailed information about individuals based on their phone numbers.

File Convert (Dvij Infotech)

- **Tools/Library:** React JS, ANTD, Nodes JS, Express, Redux*.*
- **Description:** Designed to convert files from one format to another seamlessly.

EXTRA CURRICULAR

- Employee of the month Award.   **March 2023**
- Mentoring and training junior developers.

TRANSFERABLE SKILLS

- Agile Methodology.
- Technical Troubleshooting.
- Team Building and Time Management.
- Communication with Technical & Non-Technical Stakeholders.
- Project Management.
